What a precious friend you were. My life is better for having known you sweet lady. I loved you so much because we were both so down to earth and because of that we had so much in common. This is like a bad dream and I feel like I will wake up and you will still be here. You were such an amazing mommy To Katlyn and Jaydin. You were just an amazing person all the way around. You will be missed so badly by Chris, your children, parents, siblings, all of your family, and your FRIENDS like me. I love you sweet girl and together you and baby Angela have entered the gates of heaven. We will never understand why, but someday when we all reach heaven we will know the answers. I will always remember you and your sweet heart. Love, Jackie

“ Angela it breaks my heart to see you go at such a young age. You were such a wonderful person. I remember back in the day when our eldest children were babies and we use to hang out. We had some pretty good times. I've always missed hanging with you. My prayers are with your husband and daughters in this sad time. You will be missed.

*I will never forget the first time I met Angela! El Charros for dinner and she was pregnant with her daughter Katlyn! Scott and Frances, her mom and dad, (Frances is my husband's sister) and Warren- my husband today. We met there for the very first time! That was the first time I had ever met my husband or any of them! What a wonderful night that was! We had such a great time, they made me feel a part of their family immediately! Wonderful memory to have. And so many more! I cry and hurt for this loss, but I know Angela and baby are happier now than they have ever been and we will all be reunited someday very soon! My heart and prayers- always!!!

“ Angela,

I know I don't have to sit here and tell u how I feel for u b/c I had the pleasure of having you as a best friend as well as my sister. For that I am so thankful! However, it will be very hard on me to remind myself that I can no longer pick up the phone and call you, but I know I can always talk you.

I had so much fun with you and enjoyed our time together. I'm finding it hard to realize that you aren't here anymore but I tell you the best thing is me knowing that you are Home and aren't in any more pain. I know these past few years have been rough for you and I take peace in knowing that you have no worries now.

I will do my best to stay strong and continue on and do as you would for the one's you love. I am so thankful for the beautiful children you have left behind and will do my best to guide them on this journey and be there for them whenever they need.

I am proud to be your sister and thank you for all the wonderful memories.

I love you, always have, always will!

*Love,
Dana*
