“ I have so many wonderful memories of Brian I can't choose one... What I will remember most is his fun loving silly personality. He could make anyone laugh. We grew up together... Sometimes it would be months between his visits but we always picked up where we left off. The world is definitely a darker place without you in it. Aimee and Bryson you are in my thoughts and prayers.

“ You weren't "like a son to me" in my heart you were my son. We may not have been related but to me we were closer than family... I'm so glad I told you that... And I will always cherish the bond we had, the memories we made and the privilege of seeing you grow from a fun loving 11 year old kid into a fine young man and a loving devoted husband and father... My world is greater for knowing you and everyone's world emptier without you here... Luv you Man!
